

Single Page Profile Workshop

1. Pick a font from:

<https://fonts.google.com/>

- use @import

2. Full screen Background image

- You can use <https://coderinyou.github.io/images/background.jpg>
 - or any image you want
- set html and body to
 - min-height: 100%

3. create a div to wrap all the content

- make a translucent background with
 - background-color: rgba()
 - http://www.w3schools.com/CSS/css3_colors.asp
- limit the width with
 - max-width: 386px
 - padding: 12px
- align to the right using margin-left

4. Style the form similar to the form exercise
